Welcome to Summer Conference 2022!

As the pandemic seems to loosen its grip and much of the world is returning to 'normal,' we are excited to invite all Margiis for the Summer Conference at Ananda Kanan from July 1 to 6, 2022.

As the world is rapidly changing, we see it urgent to speed up the process, learn more about MU's, and invite all responsible Margiis to be involved. We have planned an exciting program with a focus on Master Units. We have also prepared special youth programs. We feel they, too, should learn about philosophy and ideology.

In addition, there will be seminar classes, daily Akhanda Kiirtan, Sadhana Shiviir, outings, kid's programs, and much more.
