

Dada Ishvarakrsnananda and Dada Anudhyanananda Pracar in Mexico

We had a meeting in Garcia, about two hours away from Monterrey, Mexico. Twenty-five people came to attend our program. Twelve people got initiated after the talk. Some sisters are waiting for initiation. There was no female Acarya available at that time.

We visited Quatrociengas twice. It is three-and-half hours away from Monterrey. We had two meetings, and more than 12 people were initiated. It was organized by Ishvara, which I initiated six months ago. He is very inspired to start new projects and programs for Ananda Marga. I initiated his father. He wanted his whole family to get initiated.

We started a unit during this visit. My other initiate Shiva also started a new unit

in Garcia near Monterrey.
