

Online Spiritual Festival, November 11 - 13, 2022

Welcome to the Online Spiritual Festival, November 11 - 13, 2022!

We hope you find time to join this exciting online program that will feature classes and workshops on PROUT, devotional topics, Neohumanistic Education, as well as Katha Kiirtana, a presentation from WWD (Women's Welfare Department) and Master Units.

During the Pandemic, we mainly were doing online programs. We realized that the online format has many benefits, such as having presenters from various areas, affordability, and ease of attending for the Margiis. The Spiritual Festival last year was especially inspiring, and we are therefore continuing this online program.
